

Village of Baldwinsville  
Community Development Projects  
Consolidated Five-Year Plan  
Proposed – 2018

<u>PROJECT</u>	<u>Year of Application</u>
<i>Improved Signage and Striping at Heavily Traveled Intersections:</i> Pedestrian safety would be improved with the implementation of improved visual markers and striped roadway crossings. Intersections of interest include all intersections on Tappan and Downer Streets, select intersections on other roadways on the south side of the Village	2018
<i>Extension of South Shore West Trail:</i> This trail currently runs from Water Street west to the end of the Barge Canal docks. Extending this trail further to the west would provide increased recreational opportunity for our residents.	2019
<i>Playground Equipment for Community Park:</i> Installation of a timber playground apparatus.	2020
<i>Paving of South Shore East Recreational Trail Parking Lot:</i> Paving of the trailhead parking lot to the SSET recreational trail.	2021
<i>Renovations to Canton Woods Senior Center.</i> Upgrades and modifications to the kitchen area, purchase and installation of a powered room divider.	2022
