Canton Woods Senior Center was founded over 40 years ago, and grew out of the cooperation of several community groups working together. Their combined efforts and vision created Canton Woods Senior Center. This unique and dynamic senior center’s continued success depends upon several entities including the three local municipalities, Onondaga County Adult and Long Term Care Services, Canton Woods Senior Center Board, Canton Woods Senior Activity Group, as well as support from generous individuals, service groups, and businesses.

Canton Woods is committed to its mission of helping seniors to remain active members of the community. This mission has historically been accomplished with support from the Village of Baldwinsville, the Towns of Lysander and Van Buren, cooperating through a three way municipal agreement which has been in place for several decades. Please take a moment to thank your town supervisors, the Mayor and municipal boards. Please remind them that the senior center is very important to the quality of your daily life, and let them know that you, a family member, friend or neighbor utilize and benefit from the center. Canton Woods appreciates and depends upon the municipalities continued support and cooperation.

February is the shortest month, but can seem like the longest depending on how the weather is treating us. We want you to stay warm!

There is still time to apply for HEAP (Home Energy Assistance Program). This federally funded program helps income eligible households with their heating expenses. Outreach workers have scheduled at various locations around the community to assist in completing applications. I am also available to meet with you in your home or at the senior center.

In addition to HEAP, I have information on other income stretching programs. If you are interested in learning more, please feel free to call me at 315-638-4536.

Book Club News

Miracle Creek: A twisty legal thriller that shows how far parents will go for their kids. The novel unfolds over four days of trial testimony, and each chapter follows different characters who were present on the night of the explosion, including Elizabeth, Pak and Young Yoo and their teenage daughter, Mary; a doctor named Matt who was undergoing HBOT for infertility and his Korean American wife, Janine; and Teresa, who survived the explosion with her daughter Rosa. Because of the shifts in omniscience, it quickly becomes clear that all of these characters are either withholding information or lying about something they believe will have no effect on the trial’s outcome and that becomes the plot of the book. “Miracle Creek” is a deeply moving story about parents and the lengths they will go for their children. Several characters reflect on the challenges of caring for special-needs children with remarkable, occasionally brutal honesty.

Next meeting is February 18th at 2:00 pm.
The February book is “The Gown” by Jennifer Robson – a historical novel about the ladies who made the current Queen Elizabeth’s wedding dress!

Your facilitator, Edwina Hay
Edwina will be cruising the Caribbean so you can complain about her selection...haha
