### **About Almost Queen**

THE most authentic QUEEN live show since the days of QUEEN themselves. A deliberate four piece band, Almost Queen delivers a live performance showcasing signature four part harmonies and intricate musical interludes. Donning genuine costumes, Almost Queen recaptures the live energy and precision that is the ultimate Queen experience.

*"I am a very big Queen fan and Almost Queen does a great job of creating the illusion of actually seeing Queen live. We all miss Freddie Mercury, I feel the band pays tribute to him and Queen respectfully." -Eddie Ojeda (Twisted Sister)*

*"These guys are even better than the Queen that's out there touring."*  
**Howard Stern**

*"I had heard a LOT of great things about these guys - but the show was even better than I imagined"*  
**Randy Jackson -Zebra**

*"Without a doubt, Almost Queen are probably the finest testimonial to Queen I have ever had the pleasure in seeing. If Freddie were alive today he'd queue for tickets!"*  
**Eric Cook -Demolition Records, UK**

*"Almost Queen proved that they are the best Queen tribute act around... Almost Queen captured the essence of Queen's classic songs both from a sonic and lyric standpoint. Their show was high-energy and fun, and they are worth checking out in a live setting."*
